

Element Floor Lamp - EFL-O

Please read the instructions carefully before using this product.
Your light fitting should be installed by a qualified electrician.

Caution: Please ensure electricity supply is switched off before installing the light.

Assembly Instructions:

1. Ensure you have both the Oak stem (J) and the ceramic shade (F). Handle the ceramic shade with care, an extra pair of hands can make this step easier.
2. Unscrew the shade ring (H) on the lamp holder which is attached to the oak stem
3. Position the ceramic shade (F) over the metal lampholder (A) and secure it by screwing the shade ring (H) back on.
4. Ensure the ring is tight enough to hold the shade securely in place. Avoid over tightening to prevent any damage to the shade.
5. Screw in an E27 bulb (max 25w, not included). The lamp can be operated using the foot switch on the cable.

Maintenance and Care

Before conducting any maintenance, ensure light is switched off.

- Before replacing a defective bulb turn off the light at the switch and let the bulb cool down for at least 10 minutes
- Only change the bulb if it has completely cooled down. Use a clean cloth to help replace the bulb and try to avoid touching the glass with bare hands.
- If necessary the exterior of the lamp can be cleaned using a slightly damp cloth. Do not immerse in water. If the oak looks dry, applying a clear wood polish, such as a beeswax polish, every 6 months will keep your lamp looking great for years to come.
- Designed for indoor use only.
- If the external flexible cable or cord is damaged it should be replaced by a qualified electrician in order to avoid a hazard.
- Young children should be supervised at all times to ensure they do not play with appliances.
- Position the cable so it will not become a hazard.
